PROFILE

Motivated and detail-oriented Front-End Developer with strong skills in React, TypeScript, HTML5, CSS3, Sass and JavaScript (ES6+). I am passionate about building intuitive, responsive and accessible interfaces. I focus on writing clean, maintainable code and delivering high-quality user experiences.

EXPERIENCE

Junior Front-End Developer- Internship
IPTNicolau - May 2025 - June 2025

- Developed responsive UI components using React, HTML, CSS, and JavaScript.
- Improved structure using reusable component-based architecture.
- Collaborated in code reviews and used Git for version control best practices.
- Optimized UI performance and ensured compatibility across browsers.
- Participated in documentation and Agile-style workflows

PROJECTS

E-Commerce Web App
React · TypeScript (ou JavaScript) · API · State Management
Developed a complete e-commerce interface with product listing, category filters, search functionality, cart system, and responsive UI.

Movie Database Web App
React · API Integration · UI/UX · Routing
Built an application that fetches movie data from an external API, including search, dynamic pages, and improved navigation using modern React patterns.

Personal Portfolio
React · Vite · CSS Modules
Created a clean and responsive portfolio showcasing skills, experience, and projects.
